

## **Principal Evaluation**

As part of the federal requirements for states' receiving funding under Phase 2 of the State Fiscal Stabilization Funds Program, all school districts in New Jersey are providing information to the public on the procedures they use to evaluate teachers and principals. The information presented below will help you understand South Bound Brook's policies and procedures for evaluating principals and assistant principals.

Confidentiality concerns: To protect the confidentiality of individual evaluations, districts are not required to provide a district-level statistical summary of principal evaluation outcomes in those cases where there are fewer than 10 principals in a district.

**The South Bound Brook School District employs one Superintendent/Principal, hence for confidentiality reasons, no data is supplied.**
