

Teacher Evaluation

As part of the federal requirements for states' receiving funding under Phase 2 of the State Fiscal Stabilization Funds Program, all school districts in New Jersey are providing information to the public on the procedures they use to evaluate teachers and principals. The information presented below will help you understand Bellmawr's policies and procedures for evaluating teachers and educational specialists such as librarians and counselors.

Confidentiality concerns: To protect the confidentiality of individual evaluations, districts are not required to provide a district-level statistical summary of teacher evaluation outcomes in those cases where there are fewer than 10 teachers in an entire district. Similarly, districts are not required to provide a school-level statistical summary of teacher evaluation outcomes if there are fewer than 10 teachers in a school.

Additional information on the Teacher Evaluation System can be found in the documents attached below.
